Board of Directors, E.A.A.

1 F 93, Headquarters

Dear Sirs:

I have been a member of E.A.A. for three years, since I started working here. One of the main benefits I have derived from this is the purchase of tickets for football games, dinner theaters and other area activities. I was shocked to hear that you plan to discontinue this service and curtail the window service.

I can see little reason to remain in E.A.A. under these circumstances (I've purchased a few items in the E.A.A. store but find they don't stock much that I wish to buy, also prices are not much if any cheaper than Best stores, for instance.)

Would you please reconsider your decision and permit E.A.A. to continue selling tickets?

STAT

Yours truly,
